

Capabilities Statement

Summary

Command Performance Constructors (CPC) is a leading 8(a) CA-based general contractor that grew from a specialty in concrete & asphalt paving, demolition, and grading. Founded in 1996 our company serves private clients, as well as federal, state, and local government agencies in California, Arizona, and Nevada. Our expertise in site preparation, construction and maintenance makes us a top choice for owners who want a professional building & engineering team to design and execute their plans. As we continue to build a successful portfolio in the Federal Government segment, Command Performance Constructors remains focused on the fundamentals of client service, construction safety, and superior collaboration. Our team members are also certified to meet the quality control and design/build measures required by federal standards.
